

You and your associates are cordially invited to spend some QUALITY TIME at our half-day Metrology Open House, Seminar & Workshop!

The latest technology will be showcased by factory reps from the following companies:

OPTICAL GAGING PRODUCTS www.ogpnet.com

Video Based Multi-Sensor Measuring Machines & Contour Projectors

- Smartscope Quest - video measuring machine
- Smartscope Flash - video measuring machine
- Focus - contour projector

HELMEL ENGINEERING www.helmel.com

Coordinate Measuring Machines

- Microgage – high precision CMM

ROMER / CIMCORE www.romer.com

Portable Measuring Arm

- Infinite - high accuracy measuring arm

PROLINK SOFTWARE www.prolinksoftware.com

Data Collection & Analysis Software

- QC-Calc - real time collection & SPC analysis

SCIENSCOPE www.scienscope.com

Microscopes & Videoscopes

- Trinocular - microscope with video camera
- Macro - zoom videoscope system

This seminar is a great opportunity for existing customers to meet with the companies who support their machines and put a face with the name.

For prospective customers, you will see our commitment to these technologies and be able to talk with both the reps and our existing customers.

We encourage you to bring any parts and prints which may be giving you difficulty. We will spend time with you to demonstrate the machine best suited for your applications.

Morning & afternoon sessions will be held on Tuesday, November 13, 2007 in Meadville, PA or Wednesday, November 14, 2007 in Pittsburgh, PA.

We hope to see you there, so please use the RSVP form and fax your reservation in today!
